

BASKETBALL- FOR THE FUN OF IT

PRESENTED BY THE GLASS CITY HOOPSTERS

The Glass City Hoopsters is proud to offer this first annual basketball clinic with the goal of teaching the fundamentals by very experienced coaches in a fun, challenging environment. The Bidy Program is for players age 5-9 both girls and boys, with or without experience. The intermediate level is for boys and girls in grades 4, 5 and 6. We will group players by skill level to challenge all the participants. All participants will be given the opportunity to play the game in a competitive, motivated environment.

Glass City prides itself on the instruction rendered to its' athletes, and fields teams that compete in the American Youth Basketball League. This year we plan on having girls and boys teams for 4th, 5th, 6th, 7th and 8th graders. Dana Hooper, the Director of Glass City will oversee the camp, and employs some of the leading area coaches in to do the clinic.

All participants receive a t-shirt and parents are encouraged to stay during the sessions to learn the techniques to practice at home.
